*Q1. Dearest Sri Bhagavan, right now Oneness is going through many changes. Could you please give an update of the recent changes in Oneness? What will your role be in the near future? Will you still give darshans?*

**Sri Bhagavan:** The order has dissolved itself. They have become a community, calling themselves the Golden Age Community, but they are no more monks. I have stopped giving darshans in the Temple. However, when you do come to India, I will be interacting with you.

*Q2. Why does one person have many experiences in the Sacred Chambers, and another person has none? Are there any factors on which the results are dependent?*

**Sri Bhagavan:** If there is no openness, you do not get experiences. If there is fear, you do not get experiences. Sometimes the Divine deliberately waits for some reason.

*Q3. Why is it that every Sacred Chamber has its own speciality? Will there also stay general Sacred Chambers, without any speciality?*

**Sri Bhagavan:** The speciality depends on the energy of the place and the saints and sages who have lived in that area formerly. It also depends on the need of the people there and, finally, on the person who is conducting the Sacred Chambers.

*Q4. Dearest father, I am very grateful to you, being able to work for your movement from the beginning...Now a few months ago I was chosen by the Divine to start the Sacred Chambers, and again I feel very grateful...but I cannot go to Golden City and start the Sacred Chambers activities because of heart problems. I went nine times to different Sacred Chambers where I did make a deal with you that my life would totally be in service of your vision, if you would help me with my heart. Without your healing I am too weak for this task. All I want is to help you, but I need you to heal my heart...Will you please do so Bhagavan? With deepest gratitude, Beate.*

**Sri Bhagavan:** You will get a new heart.

*Q5. Dearest Bhagavan, please tell us the difference between an awakened person who is not transformed, and an awakened person who is transformed, with regards to the way they feel, function and behave.*

**Sri Bhagavan:** An awakened person basically sees his mind as something which is not him. It is out there, functioning on its own. He has nothing to do with it. But then, some minds would be transformed, some minds may not be transformed. The one awakened person, whose mind is not transformed, could behave differently from the other awakened person, whose mind is transformed. However, both have nothing to do with the mind. The mind is something separate for them.

*Q6. Sri Bhagavan, I am so grateful and happy with the changes in life since I first got to know Oneness ten years ago. My insights have grown and it is easier for me to stay connected with all there is. Still, deep in me, there is a stubborn feeling of inferiority regularly. That makes everything look ridiculous. What can I do for myself and how can I help others who experience the same?*

**Sri Bhagavan:** This is because of what happened when you were being delivered. However, this could be changed by your Divine. You would have to go to the respective chambers and it could be done there.

*Q7. Dear Bhagavan. In my family there are two people suffering from Alzheimer's disease: both my father and my mother in law. It's so hard to see them deteriorate and losing their grip on life. Can you please tell us a bit more about this disease, what is happening with them and what we can do to help them?*

**Sri Bhagavan: The reasons vary from person to person. Only your Divine would be able to tell you what is happening with your people.**

*Q8. Dear Bhagavan, there must be a relationship between what the Oneness University teaches us, and what modern physics teaches. I am thinking especially of the Quantum Mechanics theory, sometimes called the Unified Field theory. This theory tells us that the whole of creation comes forth out of one huge energy field. How do you see the relationship between science and spirituality Bhagavan?*

**Sri Bhagavan: In Oneness, there is no difference whatsoever between science and spirituality. That one, whole energy you refer to, we call the Adi Parashakti. There is absolutely no difference at all.**

*Q9. Dear Bhagavan, can all types of karma be cleared? What happens to karma after awakening?*

**Sri Bhagavan: After awakening, you do not acquire fresh karma. But the momentum of the old karma continues.**

*Q10. Dear Bhagavan, is there such a thing as karma related to religion? Is it possible to solve this karma?*

**Sri Bhagavan: Karma has nothing to do with religion.**

*Q11. Sri Bhagavan, thank you for everything you gave me and will give me. I feel that somehow, having a personal Divine seems to bring me further away from the connection with all there is. Is that possible and what should I do?*

**Sri Bhagavan: You must ask your personal Divine to connect you with all that there is!**

*Q12. Dear Bhagavan, many people think that the mind only has to do with the thoughts we have. I think that the mind also has to do with our feelings, and that these feelings have a connection with our thoughts. A depressed person simply has*

*different thoughts than a happy and optimistic person. What is the connection between feelings and thoughts in the mind, Bhagavan?*

**Sri Bhagavan: Feelings belong to the heart, thoughts belong to the mind.**

*Q13. Namaste Sri Bhagavan, humanity is in a crisis on different levels. Planet earth is in poor condition. How can Oneness contribute to a positive future for planet earth?*

**Sri: Bhagavan: Oneness could contribute by raising the levels of human consciousness.**

*Q14. Dearest Bhagavan, after a lifetime of suffering, Oneness has brought me such great joy and inner freedom. Please tell us Bhagavan, what is the greatest obstacle to Oneness and what is the most important thing that will help spread Oneness as fast as possible, so that we can have a happy mankind?*

**Sri Bhagavan: The greatest problem for Oneness is that it is very Indian. In the following months, all that is going to change. It would then fit it into your culture and your conditioning. Then things would be very very different!**

*Q15. Is there anything you wish for the Oneness Community in the Netherlands, and for our country?*

**Sri Bhagavan: Right now you are individuals. You must become family.**

*Q16. Dearest Sri AmmaBhagavan, happy retirement to you and Sri Amma. It is the most deserved retirement I can think of. I want to thank you from my heart, for transforming me and my life completely. And the transformation keeps on going. How wonderful this is all. Naturally there is nothing left for me to do, than to help with your work. Sri Bhagavan, I am asking for your blessings to become a great leader, and for all trainers here in the Netherlands, who have the same desire to become great leaders for our country and that we all can carry out Oneness into the world in a very big way. Helping transform as many people as possible the way you have transformed me. I will miss you greatly, but I know you will live in my heart forever. My deepest gratitude to you, my beloved Sri Bhagavan.*

**Sri Bhagavan: You are the hands of Amma and Bhagavan. We will be transferring more and more power and more and more knowledge into you. You must all become great leaders, and the transformation of humanity is in your hands. We have no doubts you will do it.**
